# Who We Are

LBS Board Fellows Programme is an initiative revived by Sarah Page. Who past the torch to fellow LBS EMBA student Susan Yu, to be President of the LBS BFP (Sept 2021) as she was integral in growing the programme.

Susan joined the team in Nov 2020 as VP Head of Charities, due to her focus on paving the way for LBS students, to give back to the community, by applying their knowledge learned from their studies.

## What We Do

Matched fellows & charities appreciate volunteering efforts of LBS's candidates, while they learn about Corporate Governance, as they shadow the board or receive a NED board role.

We believe that fostering future leaders is being accountable corporate citizens & instilling accountability in leadership actions. Our programme focuses on corporate social responsibility, alongside giving back to the community.

A reminder of the social duty that should continue post graduation & through-out our careers.

# How We Do It

The Board Fellows Programme matches students with boards of mainly non-profit organisations. Fellows will have the opportunity to design and implement new strategies and gain exposure to senior business leaders over 6-24 months.

NGO's  
Onboarded

We use gardening to bring about positive changes in the lives of people living with disabilities or ill health, or who are isolated, disadvantaged or vulnerable.

Mayday provides direct support through the PTS, which works alongside people going through tough times, providing person-led, transitional, and strength-based support.

# BALIPARA FOUNDATION

Assam • India

A scalable, localized action framework for natural capital regeneration, Rural Futures visualizes communities as the primary stewards of habitat restoration & management. Through habitat-mediated incomes, communities achieve greater socioeconomic mobility, generating a self-sustaining loop of sustainable incomes and businesses for forest-fringe communities.

England has one of the lowest literacy rates in the developed world. Illiteracy on this scale has a serious impact on our society, reducing life expectancy in communities affected and the competitiveness of our economy. We want to help break this cycle and set children up to succeed early.

# Fellow Testimonials

## Jonny Carter

"It's been a great journey from LBS BFP to my current NED role at Thomas Academy. As an LBS candidate completing a Master of Finance. I found the board role very supportive of my leadership growth, & in return I've been able give back my knowledge in finance."

"I would recommend any potential fellow, & not for profit organisation to join the LBS BFP partnership. From my point of view, it's been, & still is a satisfying collaboration for both parties."

# Stephanie Rodriguez

"My time as a LBS Board Fellow with L2C has been a wonderfully rewarding experience. During my tenure I've provided strategic direction in the development of L2C's corporate partnership offering. Currently I'm supporting the development of their online child exploitation service.

I've had the opportunity to deliver tangible impact, expand my understanding of non-profit governance, & has empowered me to increase my work in the non-profit space, as a board member of an ethical tech brand. I've much to take away from this opportunity & look forward to continuing this kind of work."

## James Austin

"I'm an MBA 2022 & focused on building my leadership experience & network. I was grateful that LBS BFP placed me on my board member role at Right 2 Thrive. Not only is it an amazing cause to be a part of, but I'm grateful that I can give back with my business knowledge."

"I'd recommend LBS BFP to any not-for-profit or fellow looking for a symbiotic relationship. So far, it's been a balanced & fulfilling partnership & I couldn't ask for more."
